Site 42 Public Notification Map

PUBLIC MEETING

City staff will be available to discuss upcoming changes to the existing water storage site at Pima and Jomax roads.

The Site 42 water facility is located at the intersection of Jomax Road and Pima Road. Scottsdale will be adding a third storage tank to the facility to provide additional water storage for the surrounding region.

The new tank will be the same height as the two existing tanks that are currently inside the site. To accommodate the new tank, the existing site walls will be expanded to the south and west. The existing site driveway will be widened near the site gate and piping will be installed along the south side of the driveway and into Pima Road.
